ABOUT US

Light is the quintessence of life!

Para além das colaborações com clientes particulares, arquitetos e designers de interiores, a Valditaro conta também com as suas próprias coleções. No mercado há mais de 30 anos, criamos peças distintas de iluminação criativa, com produtos e serviço de qualidade. Com uma equipe dotada de multidisciplinaridade e aliando um vasto leque de processos de fabrico, garante a maior parte da manufatura in-house, o que permite um controlo de qualidade e acompanhamento gradual em cada fase do processo produtivo.

Beyond the collaborations with private clients, architects and interior designers, Valditaro also has its own collections. In the market for over 30 years, we create different pieces of creative lighting, with quality products and service. With an endowed multidisciplinary team and combining a wide range of manufacturing processes, it guarantees most of the in-house manufacturing, which allows quality control and gradual monitoring in each phase of the production process.

CUSTOM OPTIONS

A Valditaro permite a personalização total das peças, de medidas a acabamentos, facilitando a caracterização completa desde projetos a produto específico, pormenorizando a visão do cliente ao produto final passando por todas as etapas produtivas.

Valditaro allows the total customization of products, from sizes to finishes, facilitating the complete characterization of any project or specific product and always helping to adapt the customer's vision to the final product, going through all the production steps.

FABRIC

Desde algodão, linhos ou sedas, aos próprios interiores em PVC, possuímos flexibilidade para personalizar tamanhos, formas e acabamentos, já que dispomos de um vasto leque de opções.

From cotton, linen and silks to the PVC linings, we have the flexibility to customize sizes, shapes and finishes, from our wide range of options.

METAL

Quer seja um pequeno apontamento ou uma peça completa em metal, contamos com várias cores e texturas muito para além do latão e inox.

Whether it's a small note or a complete piece in metal, we have several colors and textures beyond brass and stainless steel.
